**RE: Program #0176**

**Previous Accreditation Status: 8 Years**

**Most Recent Site Visit: 07/2016**

Dear Dr. Mejia:

After review of the requested interim report, the continuing accreditation status of the associate degree radiography program sponsored by Tyler Junior College was considered at the February 9, 2021 meeting of the Joint Review Committee on Education in Radiologic Technology (JRCERT). The JRCERT is the only agency recognized by the United States Department of Education (USDE) and the Council for Higher Education Accreditation (CHEA) for the accreditation of traditional and distance delivery educational programs in radiography, radiation therapy, magnetic resonance, and medical dosimetry. Specialized accreditation awarded by the JRCERT offers institutions significant value by providing peer evaluation and by assuring the public of quality professional education in the radiologic sciences. The program was evaluated according to the **Standards for an Accredited Educational Program in Radiography (2014)**. The program documents compliance with all relevant Standards; therefore, the JRCERT awards:

**MAINTENANCE OF ACCREDITATION FOR A PERIOD OF EIGHT YEARS.**

The next site visit is tentatively scheduled for the Third Quarter of 2024.

The program is advised to maintain documentation that the program's supervision policies are made known to students, clinical preceptors, and clinical staff for each year since the program's last accreditation award. Due to the limited documentation and the overall organization of the interim report, the Board of Directors are requiring program attendance at a JRCERT-sponsored Accreditation Seminar and/or Outcomes Assessment Workshop. Therefore, a progress report documenting the program director and/or clinical coordinator's attendance at an Accreditation Seminar and/or Outcomes Assessment Workshop must be submitted no later than **February 9, 2022**. A complete listing of dates and locations for all JRCERT-sponsored seminars and workshops are available at [www.jrcert.org/Calendar](http://www.jrcert.org/Calendar).

The program is also advised that consistent with JRCERT Policy 11.600, the JRCERT reserves the right to conduct unannounced site visits of accredited programs. The sponsoring institution would be responsible for the expenses of any on-site evaluation.

The Joint Review Committee on Education in Radiologic Technology Directors and staff congratulate you and the program faculty for maintaining the maximum award of accreditation from the JRCERT and wish you continuing success in your efforts to provide a quality educational program. If we can be of further assistance, do not hesitate to contact the office.

Sincerely,

A handwritten signature in black ink, appearing to read 'Bette A. Schans', with a stylized, flowing script.
